On April 30, 1974, in Public Notice H-74-15-W, the Regional Administrator, Region IX, Environmental Protection Agency, gave notice of his intent to issue National Pollutant Discharge Elimination System (NPDES) permits to discharge pollutants to the waters of the United States to the following applicants, subject to certain effluent limitations and special conditions: 7. NPDES No. HI0110051, U.S. Navy, Pacific Division, Naval Facilities Engineering Command, Makalapa, Hawaii. The facility for which application has been made is: Fleet Operations Control Center, Kunia Communica-

Bay, a class "A" receiving water as defined in the Water Quality Standards for the State of Hawaii, at the water's edge across Lagoon Drive from the subject buildings. The draft permit, as proposed, would expire on January 1, 1976. All interested parties are invited to be present or represented at the hearing to express their views on the proposed issuance of the above permits. Persons wishing to comment upon or object to the proposed determinations may submit same in writing and/or appear at the public hearing. Written comments should be submitted within thirty (30) days from the date of this notice, either in person or by mail to: U.S. Environmental Protection Agency, Region IX, Enforcement Division, ENPPN, 100 California Street, San Francisco, CA 94111. Oral statements will be received and considered, but, for accuracy of the record, all important testimony should be submitted in writing. Oral statements should summarize extensive written material so there will be time for all interested persons to be heard. The Regional Administrator shall have discretion to fix reasonable limits upon the time allowed for oral statements and may require the submission of oral statements in writing. It is requested, but not required, that sufficient copies of written material be produced so other interested persons may receive a copy and it will not be necessary for written material to be read at length. All comments or objections submitted within thirty (30) days from the date of this notice, or presented at the public hearing, will be retained and considered in the formulation of final determinations regarding the applications. Following the public hearing, the Regional Administrator may make appropriate modifications in the terms and conditions of the proposed permits. The Regional Administrator will provide notice of such final determinations to the permittee and to any person who submits written comments. The notice will briefly indicate any significant changes from the tentative determina-

sheets, if required, and further information may be obtained by writing to the Regional Office of EPA at the above address or by calling the Permits Branch, Enforcement Division, at 415/556-3450. Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
